RECYCLING

Materials received under this contract are destined for total recycling in accordance with EPA, OSHA, Federal, State, and County regulations.

GUARANTEE

This statement guarantees that Comprenew Environmental complies with all local, state, and federal regulations and laws pertaining to the disposal, recycling and transport of computer and other electronic equipment processes.

ENVIRONMENTAL PLEDGES

Furthermore, Comprenew Environmental promises to make every reasonable effort to keep computer and electronic scrap out of landfills. Our pledge is to find avenues to re-use these materials, unless specified for destruction and total recycling by contract, whenever reasonably possible. Our goal is to be environmentally friendly in all of our computer and electronic recycling disposal processes.

WASTE HANDLING CLASSIFICATIONS

Comprenew Environmental is considered a Universal Waste Handler. As such, we have a defined process in place to process and handle potentially hazardous material found in computer and electronic equipment. Therefore, we are a properly recognized destination for your potentially hazardous computer and electronic equipment. Potentially hazardous materials mainly consist of cathode ray tubes (CRTs) in computer monitors and terminals, and batteries and heavy metals found on circuit boards. A safety and containment plan is in place.

EPA# = MIK934727314

TIMELINESS

Comprenew Environmental will dispose of all equipment within six (6) months OR as regulations require (currently one year), whichever is of shorter duration.

RECORD KEEPING

Comprenew Environmental will maintain records of all movements of your computer equipment for three (3) years after the date of final movement under our care. Information regarding customer name, arrival date, shipment weight, company tracking number, and data security will be maintained for three (3) years.
