

# ASSET RECOVERY

Adding value with a green initiative.

We **pay** businesses for their unneeded electronics that qualify for our **20/20 Plan**.

## The 20/20 Plan

- Unsurpassed data security
- Guaranteed payment for all your reusable assets
- Employee discount at all Comprenew's retail centers
- Public recognition of how your company contributes to environmental health
- Assurance that your company exceeds the highest environmental standards

## Certified Electronic Recycling

Comprenew's philosophy is to refurbish, resell, and reuse electronic devices, whenever possible. Electronic devices that are unable to be refurbished are disassembled and recycled by our highly-trained, certified professionals.

After non-toxic devices are disassembled, their components are sent to manufacturers to be reused in new products. In return, your company and Comprenew are protecting the environment, reusing valuable resources, and keeping products affordable.

Recycle. Refurbish. Restart.

# DATA SECURITY

With Certificate of Data Destruction

## Comprenew holds the **highest level of certifications** for **Electronic Recycling & Data Security.**

Comprenew's **DataRIP™** security services program destroys data, keeping you fully compliant with confidentiality standards.

- All DataRIP™ options include a **Certificate of Data Destruction** that includes the make, model, and serial number for each asset.
- **Comprenew's Mobile DataRIP™ Vaults** are available for secure handling of all data storage devices such as hard drives and cell phones.

### DataRIP™ Solutions

#### SHRED & VERIFICATION

- On-site shredding for maximum security
- Shredding of data storage devices at Comprenew's controlled and secure **Data Security Center**
- Permanent on-site shredder placement and training

#### CRUSH & VERIFICATION

- Destruction of data device

#### CLEAR & VERIFICATION

- Removal of data from devices by using the best industry practices for media sanitization
